Craig Stewart – Helping local churches see transformation in their communities

College and University Class Resource

This resource is designed to help your classroom discussion. It has specific application questions appropriate to local church ministry contexts. Questions are ideal for paired discussions, group-forum style discussions, and personal reflective responses. Consider using a discussion method most suitable to your classroom setting. Select questions most appropriate to your group. Consider isolating particular themes.

Materials

1. Video: Craig Stewart, 24 minutes.
2. Theme: Helping local churches see transformation in their communities

Preliminary discussion

1. What were the major themes in Craig Stewart's responses?
2. How does he describe partnership with local churches?
3. Discuss the difficulties of the content. What was difficult to understand? Was there anything you would like to clarify with the group?
4. Theological method: How is his theology informed and shaped by his practical ministry and context? What approaches does he take in understanding God in the context of his day-to-day experiences and discipling?

Explore and apply

Consider isolating a particular theme of interest for your classroom discussion. You might allocate topics for questions to particular groups or pairs. Or, raise particular questions in a forum style for group responses. Apply the answers to these questions in your own setting.

1. How was The Warehouse (in Cape Town, South Africa) established, and what does it do? (See: <http://www.warehouse.org.za>).
2. How does The Warehouse work alongside congregations as they work with local communities to address crime, poverty, injustice, and so on?
3. Why do they work alongside local church communities?

4. Why do they partner and come alongside church leaders?
5. What roles do encounter, training, and other events play?
6. How do volunteers (“time givers”) contribute to what The Warehouse does?
7. What are the features of programs that are both effective and sustainable?
8. Why do we need to see justice and change as a long and patient process?
9. Why is cause and effect often hard to identify (they are complex), and why should this lead us to humility and collaboration?
10. What is wrong with the idea of “best practice”?
11. How does prayer (and listening and discerning) shape what The Warehouse does?
12. What does The Warehouse do among communities impacted by HIV and AIDS? How do they support local churches to address this issue?
13. What are some examples of their community based programs?
14. How are they seeking to ensure that the things they do will last long after The Warehouse has gone?
15. What is the mission of the church, and how should it pursue that mission today?
16. How can the church seek to make disciples today?
17. What role does Micah Global play in God’s mission in the world today?

Classroom ministry

Facilitate an opportunity for students to respond to the video in light of the classroom discussion. Consider inviting students to write their responses to the following questions.

1. What is God encouraging our class and me, to do?
2. In response to the issues raised in the video, what are areas I want to ask God for forgiveness in? How do I need to change? What does God want me to stand up for?
3. How do I need God to minister to me and my community, for us to better engage with the contextual issues of our community?
4. How can I gain a better understanding of community transformation? What do we ask that God would do in our hearts?

Prayer

Spend time in prayer over what you’ve learnt. You may encourage your class to pray for one another. Or, in light of your discussion, you may choose to pray over your class.
